Report of Trustees
of
Swansea Free Public Library

To the Citizens of the Town of Swansea:

The report of the trustees of the Swansea Free Public Library for the year ending Dec. 31, 1921 is here respectfully submitted.

At the first meeting of the board following the annual town meeting, as no changes in the membership of the board had taken place, it was voted to continue the organization of the preceding year which was as follows: Henry O. Wood, chairman and treasurer; Emma F. Anthony, secretary; Henry O. Wood and Edwin P. Kershaw, committee on janitor and repairs; and a book committee consisting of Miss Mary A. Case, Mrs. Isabel Gardner, Dr. E. C. Kellogg, Mrs. Emma Anthony and the librarian. Miss Wellington, whose faithful and painstaking service as librarian is much appreciated by the trustees was elected to that position for the ensuing year.

Two business meetings have been held and two meetings of the book-committee, the latter for the preparation of the bulletins.

The committee endeavors to use the utmost care in the selection of books, especially in the class of fiction. But, as only under ideal conditions it would be possible to read all the books of even one class before placing them in the library, will the public kindly pardon anything which might be considered a disadvantage to the collection. Suggestions from the reading public regarding desirable books would be much appreciated by the committee.

The trustees here tender their sincere thanks for all gifts and courtesies received during the year.

A familiar item in advertising columns of current magazines reads "Fifteen minutes a day," these fifteen minutes to be spent with "Dr. Eliot's Five Foot Shelf of Books." Why not substitute the books of your own library where many of those in his list may be found and form the habit of spending fifteen minutes a day or more if possible, in the company of some good book? Become acquainted with your own library, make others acquainted with it, for like all good things, libraries, only as they are used, fulfill their highest purpose.

That the library may be able to meet the needs of the community for the coming year, the trustees would respectfully ask for an appropriation of $650.00 at the next town meeting.

Respectfully submitted,

EMMA F. ANTHONY,

Secretary.

Librarian's Report

To the Trustees of the Swansea Free Public Library for the year ending December 31, 1921.

With the report of the twenty-fifth year of the Swansea Free Public Library it may be of interest to state that in March, 1896 the town voted to establish a Free Public Library and in May of the same year the Swansea Public Library Association voted to present its books and other property, also the interest of its fund of $200 to the town. The Swansea Free Public Library was informally opened September 26, 1896, in the Association room in the town hall now occupied by the selectmen. Removal was made to "The Frank S. Stevens Public Library Building" where it has been established since September 19, 1900, the date of dedication.

We have been favored, as in past years, with donations of periodicals, magazines and pamphlets from individuals and publishers, also bulletins and reports from the State Library Commission, Millicent Library, Fairhaven and Womans' Education Association which are gratefully acknowledged.

The reading rooms have been supplied by subscription with the Century, Delineator, Harper's, Ladies' Home Jour-

nal, Popular Mechanics, St. Nicholas, Scribner's, World's Work and Youth's Companion.

The Geographic Magazine and Mentor were received from Miss Mary A. Case. The Illustrated World which had been received for a number of years, from an unknown donor has been discontinued.

Bulletins Nos. 50 and 51, containing additions for the year were issued in May and December.

The number of volumes in the library at last report was 8,781. Two hundred and fifty-five additions were made in 1921, and two withdrawn making the present number 9,034. There are on the accession list 9,476 volumes from which 442 have been withdrawn making the total as above 9,034.

The withdrawal of a large number of juvenile books which are in unfit condition for circulation will be completed and replacements made if possible, during the present year.

Report of the School Committee

To the Citizens of the Town of Swansea:

The Board of Education for the Town of Swansea herewith beg to submit its annual report for the school year ending June 30th, 1921, and its financial report for the year ending Dec. 31st, 1921. Under existing conditions it will be necessary to include in this report that of the Superintendent.

The educational problem for the past year has been one of many complexities for the committee. At the opening of the fall term in September the committee found it advisable to persue a course adopted a year ago, that of closing the Two Mile Purchase and North Swansea Schools and transportation of the pupils as before.

We have been unfortunately obliged to operate our schools under three different supervisions. Mr. Toothacher, Superintendent for the first part of the year, resigned the 1st of August, and Mr. F. W. Kingman of Walpole was elected to this position. Mr. Kingman, after about two months, decided that his efforts could be better applied in other lines and handed in his resignation. Mr. Sears, therefore, was appointed temporarily as Superintendent, and finished out the school year.

In the first part of December the committee of Swansea and Somerset, comprising the Swansea, Somerset Superintendency Union met and elected Mr. Horace F. Bates of Maynard, Mass., Superintendent.

During the past summer the committee were obliged to make several temporary repairs and also to engage several new teachers. The teaching force, at the present time, we believe to be the most efficient one that we have ever had in the town; and the schools, at the present time, are in better condition than at any time that we remember.

During the year we have adopted a new system of arithmetic, namely "Stone & Miller System," which has been placed in all the schools, and a new system for the study of history recommended by the American Historical Association, known as "The Committee of Eight," has been practically installed. This consists of a book entitled, "Founders of Our Country," for the fourth grade; "The Makers of a Nation," for the fifth grade; "European Beginnings," for the sixth grade, and for the seventh and eighth grades, "Bourne & Benton United States History." It is the intention of the committee to finish the installation of this work throughout the entire town.

The committee decided the later part of the year to install new desks and chairs in the schools and the latest model and most up-to-date equipment along this line, namely, the pedestal desk and chair were installed in South Swansea Center School, Barneyville and Hortonville. It is the intention of the committee to carry on this work and put this up-to-date equipment in the Bark Street, Bryant's Corner and Bushee Corner Schools. It was found advisable when the new desk were installed to rearrange the rooms in several of the one-room buildings and to this end the desks and chairs were installed so that the seats faced the large blackboards in the rear of the rooms.

The committee believe it advisable to recommend to the citizens of the town a junior high school to be built to take care of the education of the children in the seventh and eighth grades and for the first two years of high school. We believe that for the last two years of high school our needs can be well taken care of for some years to come in Fall River as at present. This is the system which Fall River has adopted and our children would of course be obliged to attend a junior high school if we continue to send them to Fall River. We find that at the end of two years of high school education many of the pupils are leaving and that very few complete the four year course.

We are still paying transportation for more than eighty pupils to the High School of Fall River and to Warren, and it is estimated that with the entrance of the new class this fall of some thirty-five pupils and but sixteen graduating in June there will be approximately one hundred pupils attending High School from the Town of Swansea. When one reflects that the tuition in the Fall River High School has been increased about 50% and at the present time is $125 per pupil, this item alone will show an estimated expenditure of $12,500, which, together with the estimated High School transportation expense of $5,500 it would seem that a Junior High School recommended on the above lines is not only a necessity but imperative.

The present year the committee were obliged to face a situation that was unforseen, that of the resignation of the supervisor of music, whose entire services were disired in the Town of Somerset, where she was previously engaged. And with the resignation of the supervisor of drawing it left the Town of Swansea without supervision in these branches of our school work.

Under the State Law which became operative the past year the town was obliged to secure the services of a School

Nurse and Swansea and Somerset formed a union with the town of Seakonk for this purpose. Miss Demaris Weeden, R. N., a resident of the town was chosen to the position at a salary of $1200 a year and $300 allowed for expenses of travel, etc. This expense to be equally apportioned between the three towns.

The committee at this time desire to acknowledge a gift of $2500 from Mrs. Frank S. Stevens, which was made for the benefit of the school department.

It will be necessary this year to ask for a gross appropriation for the school system of $41,635, but the returns from the state will probably be in the neighborhood of $10,000 reimbursements due the town.

Report of the Attendance Officers

Swansea, Dec. 31, 1921.

To the Superintendent of Schools:

All cases of Truancy that have been reported to me the past year have been investigated and the children returned to school. I have found the cause of truancy in some cases to be sickness; but in most cases neglect or ignorance of the law on the part of the parents.

Respectfully submitted,

ARNOLD D. GARDNER,

D. FRANK BAKER,

Attendance Officers.

I.

Friends and schoolmates, glad we greet thee,
On this our commencement day,
Most heartily we wish to thank thee,
For kind thoughts that cheered our way.
Tho' we sometime took them lightly,
We have learned their value more,
And we ask that they continue,
As they have in days of yore.

II.

Brave our hearts and strong our courage,
Hoping that we shall succeed.
With all the work that is to follow,
In the days as we proceed,

Let us use what we've accomplished
As a step to higher things.
We, victorious in our past work,
Hope for what the future brings.
